

TIGER

63

The illustration features three cartoon tigers in a white line-art style against a dark, textured background. One tiger is perched on the top horizontal bar of the letter 'T'. Another tiger is climbing the vertical stroke of the letter 'R'. A third tiger is positioned at the bottom left, appearing to kick a football. The year '63' is written in large, bold, white numerals to the right of the tigers.

Indications that the 1962-63 school year was going to be a banner year for sports came early in the season as the Tiger squad rallied from two non-conference losses to begin a sweep of the Jayhawk Juco Conference.

The 18 sophomores and 21 freshmen on the Tiger team proved to be real giant killers as the season ended. Even top-ranked Coffeyville felt the bite of the Bengal before downing the scrappy Tigers by a much smaller margin than predicted by skeptical sportswriters.

For coach Ben Cleveland, the season marked an extension of the impressive record already started at Ark City Juco.

Picking up where the Tiger gridders had left off, the basketball team began its contributions to an already overflowing trophy case. After dropping several early non-conference games, the team dug in on the home floor to become invincible for the remainder of the season.

Despite the leg trouble of starters Hoskin and Bennington, the well-balanced Tiger squad swept two tournaments, beat some of the top teams in the nation, and tied with Hutch for division honors.

For Joe Sumners, another relative newcomer to Ark City, the season was yet another feather in the hat of fine coaching.

No longer a "minor sport," track has achieved a new popularity all over the nation. At Ark City this trend has certainly been reflected in the enthusiasm and performance of the 1963 track squad. Hampered by inadequate practice facilities, the team nevertheless shattered 16 records, took first place in two relays and won nation-wide recognition in the national meets.

The determined Tiger thinclads started the season by becoming champions of the Pittsburg Relays, where they topped 13 other colleges. Championship of the Coffeyville Relays and second place at the Wichita Relays brought home additional trophies.

At the nationals, John Nunley tied the championship high jump mark of 6'6 7/8"; the sprint medley team of Cleveland, L. Wiens, D. Wiens, and Senger took fourth with a 3:32 run; and the mile relay team of Cleveland, Wiens, Wiens, and Hobbs ran a blistering 3:22.

KJJC CHAMPIONS

Coach Joe Sumners, Bob Monforte, Steve Wilcoxon, Richard Haddock, Doug Majher, Gary Trotter, (not pictured) Terry Reaves.

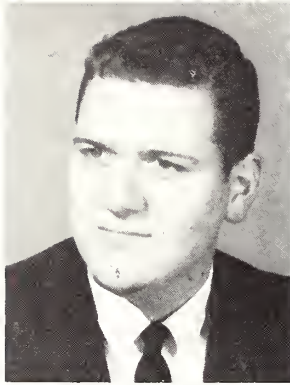

While it lacks some of the crowd appeal of football or basketball, golf is not to be discounted as a legitimate college sport. Coach Joe Sumners reports that the sport is gaining more and more attention on campuses across the nation.

At Ark City the game is taken seriously. After some growing pains at the beginning of the season, the team settled down to begin a sweep of the Jayhawk Juco Conference.

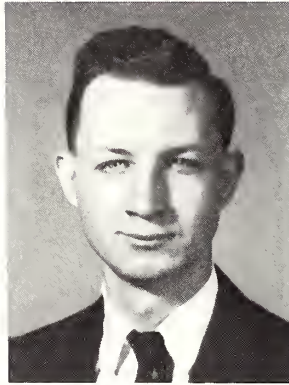

At the state meet at Hutchinson, the team followed the example of co-medalist Steve Wilcoxon and defeated the scrappy Hutch team 12 1/2 to 11 1/2 for the state title.

For Coach Sumners, the meet meant the second championship team that he had skippered for the 1962-63 season.

While a college tennis team is often considered the stepchild of an athletic program, Ark City's netmen demonstrated in the '63 season that they were a legitimate force in winning the sports sweepstakes.

The team of Collins, Kissee, and Salters competed in the state matches, where they won a respectable fourth place and sewed up the points that pushed Ark City past Hutch in sweepstakes competition.

COACHING STAFF

Benny Cleveland

Joe Sumners

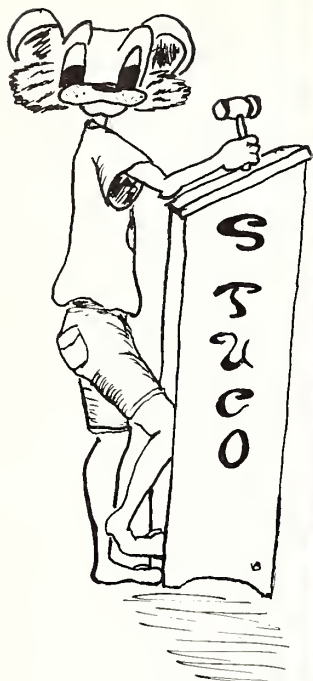

Reece Bohannon

Any college athletic program is only as good as the men who administer it. Arkansas City Junior College is fortunate in having on its staff some of the finest coaching talent available anywhere. This year's winning of the Jayhawk Juco Conference sports sweepstakes attests to the all around ability of the coaches of ACJC.

The Class of '63 reserves a special word of thanks for coaches Cleveland, Sumners, and Bohannon. Well done!

"America's Future Goes To School Today"

Registration for all schools and their delegates took place in the front hall with club members volunteering their time to make the convention a success.

Nine problems of education along with the convention theme "America's future goes to school today" were discussed in groups like this. The ideas presented here were then summarized in the final session of the convention.

Each group plans one or more special occasions for its members. The German Club planned a spring breakfast on the last day of school and the Spanish Club held a Pinata. The French Club held a Twelfth Night Christmas Party and invited the other language clubs. They also presented a cutting from "The Ridiculous Precious Ladies" in French at a special language assembly in the Spring. The three language clubs provide a variety of activities and opportunities to practice speaking and thinking in a different language.

SOCIAL COMMITTEE

The social committee is a standing committee of the student council. Each year the sponsors select a chairman and the chairman chooses his co-workers. This group plans all the junior college social events. Highlights of the year include socials in the clubrooms after each home game, football and basketball homecoming, a Christmas Dance and the Spring Tigerama. Beyond this, the committee is free to plan any other activities which the student body seems to desire.

Santa Claus brings presents and introduces the program of the Christmas Dance, "I'll be Home for Christmas."

A genie sets the mood for the Spring formal Tigerama's "Arabian Nights."

"No, just a little higher and then it will look okay."

"Don't forget to put the 'N' on the end."

Hey down there - Hold that ladder right!

Comfort first.

What's so interesting under the fountain?
